S-PAY Network

Dear interested party.

Thank you for taking the time to read this document. Here you will be explained - in a simple way - the salary plan of the S-PAY Network and how you can take the first steps to successfully change your financial future for the better with S-PAY. There are no entry-level, advertising, product packages or anything else that is common in the industries.

Here is a simple product that everyone needs! Most just don't know it yet! Getting started is completely free! Even if you don't want to set up a network yourself, you can earn money with every customer - to whom you recommend S-PAY - and maybe someone is there who builds a network from which you then passively earn money.

You will see it is a lot easier than you might think. Every beginning is difficult, but once the train has started rolling, there is no stopping it. Get Started Today! We look forward to every new member in the S-PAY community!

With S-PAY you have a system in which you can build up a sustainable additional or main income in addition to other activities.

Are you already working for another network? Who is keeping you on S-PAY to additionally promote and build a second mainstay?

If you have read the document, I look forward to hearing from you.

Sincerely

Marketing Plan

Simply, easily and quickly explained

The S-PAY Network Marketing Plan is a simple step-by-step plan with compression where you can receive referral commissions over 7 levels. The plan is divided into 6 bonus levels, for which certain criteria must be met.

Getting started

After registering free of charge on the website - ico.s-pay.me - you are automatically in the “1 star INACTIVE” bonus level. (You can see this in your account by a gray star in the upper right corner of the page.)

You can now start recommending S-PAY. Every new participant who registers through your advertising link on the ico.s-pay.me page is automatically assigned to you and is placed in your downline, directly below you. If the new participant buys S-PAY tokens, you as his sponsor will receive 20% of the order value in euros as a referral bonus in your bonus wallet - **and that for every future order too!** You can enter **as many direct partners as you like**, there is **no limit!**

*So far, our plan is a traditional recommendation system. If you remain inactive and participants you have referred recruit new participants, you will not receive anything! Commissions from your downline are forwarded to the next active participant on your upline (**compression**). In order not to lose any commission, you should activate yourself. You can do this very easily by purchasing at least 1000 tokens for 60 euros. With the purchase you are automatically classified in the bonus level 1 star ACTIVE.*

1 star bonus **ACTIVE** (a yellow star is displayed in the account)

In this bonus level, in addition to your direct commission, you will receive 5% from each of the next 2 levels of your downline.

Example: You advertise A and B advertises C. For A you receive 20% of the order value with every order. For every order from B you receive 5%, for orders from C also 5%.

So if a participant / investor on the first level of your downline purchases tokens for EUR 6,000.00, you will receive EUR 1,200.00 commission. If a participant purchases tokens on your 2nd and 3rd level for the same amount, you will receive EUR 300.00. Now imagine that you have brought two or three people into the system who are very active and are starting to build a large downline. Then things get really interesting.

As soon as you and your downline achieve a quarterly total turnover of EUR 7,500.00, you will be assigned to the **2-star ACTIVE** bonus level for the next billing. This means you get an extra layer. Instead of three levels, you will then also receive commissions from the 4th level.

Marketing Plan

Simply, easily and quickly explained

In order to achieve bonus levels, the following downline sales are required within 90 days:

Bonus Level	¼ Year Sales
★	Greater = 0,00 Euro
★★	Greater 7.500 Euro
★★★	Greater 25.000 Euro
★★★★	Greater 75.000 Euro
★★★★★	Greater 250.000 Euro

Once reached, bonus levels are retained permanently, i.e. there are **no downgrades** with S-PAY. Downline commissions are only available if you are active at the time of billing. Upgrades are always made after billing. For example, if you exceed a sales limit on the 15th of a month, you will only be upgraded after the next billing! Invoices are always made on the 1st working day of each month.

What does it mean to be active?

In order to receive downline commissions, you must be active yourself at the time of billing! This means that you have to place an order of at least 1000 tokens / 60.00 euros yourself during the billing period. **As soon as your order is confirmed (paid), you are active for 1 month.** In the back office or partner area, your bonus level is indicated by yellow stars. The number in brackets - next to the stars - shows you how many days you are still active.

Marketing Plan

Simply, easily and quickly explained

*After the displayed days have expired, you will be inactive and the stars will be displayed in gray. If you have not set up a subscription or the balance of your commission wallet is not sufficient for the next automatic order, the system will show you (from 14 days before you become inactive) a red warning in the partner area, which tells you how many downline commissions you may lose if your bonus account remains inactive. If you regularly receive higher downline commissions, **we recommend that you set up an automatic order in the partner area** and make sure that your commission wallet has sufficient coverage for the order. The wallet can be topped up by bank transfer, standing order or with crypto currencies if the balance is not sufficient.*

You always receive commissions from your directly referred partners!

Commissions at a glance

* Accumulated downline bonus. Once reached, bonus levels are retained permanently.

Sample calculation Optimal 5 stars

Your network has grown and you have achieved the 5 star bonus. Your model is based on a subscription with € 60.00 per month.

The 1st login *Partner Area*

The partner area is the control center for your S-PAY network. Here you can see all the current data relating to your downline and your own activities.

At the top right, you can see a gray star. This shows you that you are currently not activated for downline commissions. For all partners you have recruited yourself, you will of course receive your direct commission of 20% even in this status.

The red warning shows you that you are inactive or will become inactive at time X. You can also see how much downline commissions you lose if you are not active at the time of the next billing (always on the 1st working day of the month).

More on that later. Please switch to the menu item "Partner data".

In the footer of the ICO pages you can see the sponsor currently hired at the bottom left. Here you should see the display name you entered. Now click on Contact Sponsor.

The screenshot shows the footer of the S-PAY website. It is divided into four columns: S-PAY, ABOUT US, CONTRACTS, and CONTACT US. In the S-PAY column, the text 'Ihr Sponsor: Superman' is highlighted with an orange arrow pointing left. In the CONTACT US column, the text 'Contact Sponsor' is highlighted with an orange arrow pointing right.

The data you entered under partner details must now be displayed there. A contact request via this form should be sent to your stored email address. Now click on registration as the last test on the main page and see if your sponsor name is displayed.

The screenshot shows a 'Send us a Message' form on the left and a 'Your Sponsor' card on the right. The form has fields for 'YOUR NAME (REQUIRED)', 'YOUR EMAIL (REQUIRED)', 'SUBJECT', and 'YOUR MESSAGE', with a 'Send' button at the bottom. The 'Your Sponsor' card displays the name 'Clark Kent', address '15666 Field 99', phone number '+12222 555 555 55', and a profile picture of a man in a suit. An orange arrow points from the 'Send' button to the 'Your Sponsor' card.

The screenshot shows the registration page of the S-PAY website. The header includes the S-PAY logo, navigation links (HOME, ÜBER UNS, SHOP, NEWS, F.A.Q.), and buttons for 'ANMELDEN' and 'DE'. The main heading is 'Registrierung' with a sub-heading 'Startseite / Registrierung'. Below this, the text 'Ihr Sponsor: Supermann' is highlighted with an orange arrow pointing left. Below the sponsor name are three input fields: 'BENUTZERNAME *', 'E-MAIL ADRESSE *', and 'E-MAIL ADRESSE BESTÄTIGEN *'.

If everything is correct, you are now ready to begin building your network. If not, log in and adjust the data again so that it suits your needs.

For demo/test purposes, S-PAY provides you with a sandpit page at <https://ico2.s-pay.me>. There you can simply open a test account and try out all the things without having to worry about breaking anything.

How does it go from here?

After registering for free, you can now start getting other people excited about S-PAY and the vision behind it. Show them how easy it is to make money with S-PAY! And don't forget: When the new S-PAY system is up and running, you earn money with every money movement in the payment system. The downline you have now set up will be transferred to the new system!

We wish you a lot of fun in a steadily growing community and look forward to seeing you!
